Program Description

The Nonpublic School Health and Security program provides funds for school nurses, other health services, and for school security for nonpublic schools that participated in the BOOST Scholarship Program in fiscal year 2023. By providing necessary resources and support, the NSHS Program provides funds to ensure schools can deliver quality education while prioritizing the health and safety of their students.

The importance of school health professionals and security measures in nonpublic schools is recognized as essential for maintaining a healthy and safe learning environment. School nurses provide immediate medical attention, medication administration, and response to health emergencies, ensuring the overall well-being of students. Likewise, other health professionals such as mental health professionals also play an important role in fostering a supportive school environment conducive to learning and personal growth. The safety of schools is supported by the NSHS Program through security measures such as surveillance systems, alarm systems, and/or the presence of trained security personnel.

Authorization

[Joint Chairman's Report – Operating Budget for Fiscal Year 2024](#) (see pages 263-264)

Name of Grant Program

The Nonpublic School Health and Security program ([NSHS](#))

Purpose

To provide funds to nonpublic schools for school nurses, other health services, and for school security.

Dissemination

This Grant Information Guide (GIG) will be released on August 1, 2023

Deadline

- Applications are due no later than 5:00 p.m. on September 15, 2023
- Requests for reimbursement and/or signed contracts are due no later than 5:00 p.m. on October 16, 2023

Grant Period

July 1, 2023 - June 30, 2024

Funding Amount Available

\$2,500,000

If funds remain after awarding the NSHS grants, the remaining funds will be used to augment fiscal 2024 Nonpublic School Textbook Program school allocations. Funds not expended for this added purpose may not be transferred by budget amendment or otherwise to any other purpose and shall be canceled.

Award Amount

Award amounts will be calculated in the following manner:

- Base award for every eligible school: \$7,400
- The remaining funds will be equally disbursed among all eligible schools, based on the total student enrollment they reported in their fiscal year 2022 application to the Nonpublic Textbook Program
- See appendix A for a list of eligible nonpublic schools and their allocations

Estimated Number of Grants

171 nonpublic schools

Submission Instructions

Applications must be completed electronically through the [NSHS Online Application](#).

State Responsibilities

MSDE is responsible for providing required information, data, documentation, and technical assistance to facilitate the grantee's performance of the work and will provide additional assistance when requested.

Eligibility

The program is limited to the 171 nonpublic schools that participated in the BOOST Scholarship Program during fiscal year 2023.

Use of Funds

Funds for the NSHS Program will be disbursed via reimbursement. Therefore, an invoice must be submitted, requesting reimbursement for allowable purchases. The grant program is designed to provide additional support and enhance the capacity of nonpublic schools in ensuring the well-being and safety of their students. Therefore, careful consideration should be given to utilizing NSHS funds in a manner that complements and enhances the existing infrastructure and initiatives aimed at promoting school health and security.

- **Goods:** Schools may request reimbursement for goods purchased that align with the allowable use of funds. When schools submit an invoice to MSDE, it is necessary that receipts are attached to the invoice to evidence expenses. Requests for reimbursement for goods purchased must be submitted no later than October 16, 2023.
- **Services:** Schools may engage in a contract with a nurse, other health professional, or security officer for services that align with the allowable use of funds. If a contract is initiated, it must end no later than June 30, 2024. MSDE will consider submission of a signed contract as sufficient evidence to obligate, or set aside, funds for that school to invoice for throughout the course of fiscal year 2024. The contract must be submitted to MSDE no later than October 16, 2023.

While the grant period is from July 1, 2023 through June 30, 2024, any funds that have not been obligated by October 16, 2023 must be reverted to the Nonpublic Textbook Program.

If funds remain after awarding the NSHS grants, the remaining funds will be used to augment fiscal 2024 Nonpublic School Textbook Program school allocations.

Appendix B: Nonpublic School Health and Security program application

English ▾

Intro

Nonpublic School Health and Security Program

The Nonpublic School Health and Security (NSHS) program provides funds for school nurses, other health services, and for school security. By providing necessary resources and support, the NSHS Program provides funds to ensure schools can deliver quality education while prioritizing the health and safety of their students.

Participation is limited to the 171 nonpublic schools that participated in the BOOST Scholarship Program during fiscal year 2023.

This application must be completed no later than September 15, 2023 in order to indicate your interest in participating. Eligible schools that do not complete this application by September 15, 2023 will not be eligible to spend down their allocation.

Cert

In order to participate in the Nonpublic School Health and Security program and receive reimbursement of funds, nonpublic schools must agree to the following attestations:

Please note:

- The [2 CFR \(Code of Federal Regulations Part 200\)](#) is the codification of the federal government's rules and regulations. To assure uniform reporting at both the state and federal levels, MSDE has adopted the regulations within the CFR to guide financial reporting and in the administration of state and federal funds.
- Maryland has adopted the 2CFR to develop statewide guidance in the [Financial Reporting Manual](#).

- I attest that all information included in this application is factual to the best of my knowledge.
- I understand that all funds distributed under the Nonpublic School Health and Security program are subject to and must comply with applicable state and federal laws.
- I attest that I will not invoice MSDE for any goods or services acquired, purchased, or obligated prior to July 1, 2023, or for which our organization has previously received reimbursement.
- I understand that as a recipient of NSHS funds, I must adhere to the Code of Federal Regulations, Part 200 (2 CFR 200), which provides uniform administrative requirements, cost principles, and audit requirements for awards. This includes, but is not limited to, retention of supporting documentation (i.e. receipts, packing slips, payroll records, inventory list, etc) to substantiate expenses.
- I understand that invoices and their accompanying supporting documentation must remain on file for a minimum of three (3) years and will be subject to monitoring and auditing upon request.
