Ms. Sarah Spross explained that she was concerned with getting a quorum at the July meeting, since it fell on July 5, 2018. Ms. Spross explained that she had been hearing that the Board needed more time to discuss the pertinent issues. She stated that if there was not a quorum at the meeting, the Board could discuss the issues but no action could be taken on the issues. Ms. Spross stated that she is very cognizant of how busy everyone is, and if there is not a quorum, she would hate for the people at the meeting to have to revisit the discussion again in August. She indicated that there will be regulations from the SBOE but they will not be ready for the PSTEB until August. There will not be a meeting held in the month of July.

Ms. Kelli Midgely asked if the meeting could be moved to July 12, since it overlaps with the MSEA meeting and many people will still be out of town. Dr. James stated that the PSTEB should continue with the plan to not have a July meeting, but if some action items do arise, members might be available to participate by telephone. It was recommended by Dr. James to hold July 12 open, if needed, for a possible telephone conference due to action items that could arise.

Approval to hold July 12 open

Dr. Alyssia James entertained a motion to hold July 12 open for a meeting, via telephone conference, in the event that there are actions that need to be addressed by the PSTEB.

MOTION: Dr. Kandace Hoppin/Dr. Kristine McGee To approve holding July 12 open for telephone conference is needed.

Letter from Delegate Luedtke

Ms. Spross presented the letter from Delegate Luedtke to the Board. The letter was in reference to HB493/SB638, which were two bills that the PSTEB had followed during the 2018 legislative session. The PSTEB opposed both of the bills, which were about reading and testing. See attached letter.

Ms. Spross stated that Delegate Luedtke's first question not just specific to research-based reading methods, but rather is a national conversation that is occurring right now. In response to the second question, Ms. Spross explained to the PSTEB that, by regulation, certification exams are adopted by the SBOE and State Superintendent. . Ms. Spross stated that not only is this issue being discussed at the SBOE, and that a comprehensive review of certification tests is being conducted, but it is also being discussed at the Kirwan Commission.

After a lengthy and thorough discussion with the PSTEB, Ms. Spross stated that she would work with Dr. James to draft a letter to Delegate Luedtke in response to the letter received. The letter will include the following:

1. The history behind the reading workgroup.
2. Why the workgroups were formed.
3. The membership of the workgroup.
4. A timeline outlining the process of the workgroup.

Superintendent Certification Update

Ms. Spross informed the PSTEB that no vote was taken by the SBOE regarding the Superintendent certification regulations. The MSDE pulled the proposed regulations for further revision. The SBOE asked the MSDE to come back with a regulation that mirrored the requirements found in statute for a

county superintendent. Ms. Spross gave the Board information on all 50 states, along with the letter requesting a joint conference meeting.

Ms. Spross explained some of the things that were identified.

1. Under 03B.a – minimum degree is not identified. By not identifying the degree, it could include an associate degree. (This puts it in conflict with our general requirements.)
2. Under 03B.B – Two years of graduate work is not defined. (Does this mean full time verses part-time?)
3. The third area public school administration, supervision and methods of teaching, is direct language out of the statute. (Does this mean a specific program enrollment, a specific topic area, or does this mean course work?)

Ms. Spross stated that if the regulation what was in statute as they had asked, there would be no more professional certification route. This would disallow an individual, coming to Maryland from out of state, a direct route to certification. This change would require graduate coursework to be defined, and an individual who has completed a program leading to superintendent, not to be qualified. Ms. Spross gave an overview of the various states requirements for superintendent.

After a lengthy discussion in regards to a Joint Conference Committee meeting, the SBOE did not decline a joint committee conference meeting. The SBOE agreed that, SBOE members must first determine what they agree are pertinent superintendent requirements before having a joint conference. The SBOE listened, sorted out the facts, and asked that MSDE come back in June with new proposed regulations including the components from the language proposed at its April meeting and to include new language regarding an extraordinary experienced professional.

Commission on Innovation and Excellence in Education (Kirwan Commission) Update

Ms. Spross informed the PSTEB that, on May 17, she and Dr. Karen Salmon gave a presentation to the Kirwan Commission. The presentation was an update on State Assessment System (PARCC, KRA, Praxis, and WIDA). The Commission was supportive of the CKT Assessment but that Committee 2 has also identified Massachusetts' test as a good model.

The next Kirwan Commission meeting for Working Group 2: Thursday, June 14, 2018, 9:30 a.m.-2:00 p.m. Location TBD. Full Commission and Working Groups 1, 3, and 4: Thursday, June 28, 2018, 9:30 a.m.-5:00 p.m., Room 120 HOB.

SBOE Subcommittee on Teacher Preparation Update

Ms. Spross provided a brief update on the State Board of Education Subcommittee. She informed the PSTEB that the SBOE subcommittee has met to get a better understanding of the approval process for Teacher Preparation Programs. Ms. Spross answered questions from the SBOE in regards to the Teacher Preparation Subcommittee of both the SBOE and the PSTEB. The members of the PSTEB subcommittee stated that they would start setting up dates and times to meet to prepare for the joint conference committee meeting with the State Board.
