

# 21<sup>st</sup> Century Community Learning Centers Pre-Proposal Webinar

## PARTNERSHIPS

# 21<sup>st</sup> CCLC Partnerships

What is the difference between a **PARTNER** and a **VENDOR**?

- A **PARTNER** is an organization that is active in the planning and implementation of the 21<sup>st</sup> CCLC Program.
- A **VENDOR** would provide a product or service, such as a series of dance lessons, but have no other input or responsibility for the 21<sup>st</sup> CCLC Program.

# Long-term Commitments

Partnerships should be engaged with the 21<sup>st</sup> CCLC program in a **long-term commitment** of resources and fiscal and human capital.

# Agreements with Partners

A **formal written agreement** between your agency/school district and the partners is essential

- **Written** agreements with partners should specify their roles and responsibilities to the 21<sup>st</sup> CCLC Program
- **Verification** of services provided should be built into the 21<sup>st</sup> CCLC partners initiative
- **Evaluation** of the partner's services is also a part of this process
