Specialized Intervention Services Data Collection Report FY 2017-2018

Section § 5-111 of the Education Article, Annotated Code of Maryland

In 2017, the Maryland General Assembly enacted Senate Bill 1 (Chapter 728), which requires local Boards of Education to report information relating to the provision of specialized intervention services beginning with the 2018-2019 school year. The Maryland State Department of Education was required to establish guidelines for the report that each county board is required to submit to the General Assembly. The following format is provided for that use.

Specialized intervention services are services provided to students in Kindergarten through Grade 3 who meet all the following criteria:

- (1) are not currently identified as needing special education or related services;
- (2) need additional academic and (or) behavioral supports to succeed in a core curriculum and differentiated instruction general education environment; and
- (3) receive additional academic and behavioral support in small groups or individual settings at least three times each week for at least 90 minutes each week for a period of at least ten weeks during a school year.
