**MARYLAND AFFILIATE**  
**for the**  
**BUSINESS, MANAGEMENT, AND FINANCE (BMF) PROGRAMS OF STUDY (POS)**

Applicant may apply for up to \$15,000 for Year 1 between February 1, 2018 - June 30, 2018. *The balance of the funds may be applied to the subsequent three years of the grant pending the availability of federal funds, submission of approvable work for the prior grant year and demonstrated capacity to sustain the Affiliate.*

**I. BACKGROUND: BUSINESS, MANAGEMENT, AND FINANCE PROGRAMS OF STUDY**

The BMF programs of study provide students with an opportunity to participate in a high quality, rigorous instruction to learn broad knowledge skills and technical skills related to one of the four specific programs of study. Business remains the number one college major in the nation overall for both men and women. Maryland needs to prepare more students to become business and finance professionals in order to provide a qualified workforce in support of the state's economic development priorities and workforce needs. The overarching goals of BMF are to help students:

- Develop skills for success and other workforce requirements such as workplace readiness, computer applications, written and oral communication skills, financial accounting skills, and leadership skills;
- Develop an awareness of and respect for the diversity of the world of work;
- Understand the relationship between school performance and future employment opportunities;
- Access work study, internship, mentorship, and job shadow opportunities;
- Access student organizations such as DECA and FBLA;
- Obtain industry certifications where appropriate; and
- Earn college credits through articulation agreements and dual enrollment.

The BMF programs of study prepare students for academic studies in undergraduate business programs. The Maryland BMF cluster focuses on five programs of study based on the Maryland State Department of Education framework for Business, Management, and Finance. The programs of study are: Business Management, Marketing, Accounting and Finance, Business Administrative Services, and support for the Academy of Finance program sponsored through the National Academy Foundation (NAF). Each course within a program of study should be developed with regional postsecondary education and business partners including the BMF State Advisory Council (SAC). It is recommended that students in all programs of study take the same two core courses – *Principles of Business Management and Entrepreneurship (NEW title!)* and *Principles of Accounting & Finance*. Upon completion of the two courses, students are required to complete the remaining credits in their selected program of study as listed below.

1. Business Management Pathway
  - a. *Advanced Business Management*
  - b. *Business Management and Entrepreneurship Capstone (NEW title!)*
2. Accounting and Finance
  - a. *Advanced Accounting*
  - b. *Accounting & Finance and Entrepreneurship Capstone (NEW title!)*
3. Marketing
  - a. *Introduction to Marketing*
  - b. *Advanced Marketing and Entrepreneurship Capstone (NEW title!)*
4. Business Administrative Services
  - a. *Office Systems Management I*
  - b. *Office Systems Management II*
5. Academy of Finance (course development supported by NAF)

Local School Systems (LSSs) are responsible for developing a work plan from the developed recommended curricula for each program of study. Teachers are to use the resources developed to give students the appropriate academic, technical and employability skills that would prepare those students for career and college readiness. Students develop skills and knowledge throughout the programs of study to successfully participate in the CLEP exam, and/or Microsoft Office Specialist (MOS) Certification. These opportunities give the students an experience in a “real” case study project and a chance to earn business college credits similar to the Advanced Placement exams. Students participating in the BMF *Program* also have the opportunity to further develop these skills through a supervised work internship or mentorship; and, student organizations such as DECA and FBLA.
