TO: Members of the State Board of Education
FROM: Karen B. Salmon, Ph.D.
DATE: March 20, 2018
SUBJECT: Request from Baltimore City Public Schools for Calendar Modifications

PURPOSE:
To consider the request to waive one day of student attendance for Baltimore City Public Schools for the 2017-2018 school year.

BACKGROUND/HISTORICAL PERSPECTIVE:
On August 31, 2016, Governor Larry Hogan issued Executive Order 01.01.2016.09 which requires all Maryland kindergarten through grade 12 public schools to open for pupil attendance no earlier than the Tuesday immediately following the nationally observed Labor Day holiday. The school year for every public school in Maryland shall adjourn no later than June 15.

Education Article §7-103 requires that schools be open for student attendance for 180 days. The State Board of Education has the authority to adjust the length of the school year by granting waivers of the 180-day requirement. Such adjustments may be granted if normal school attendance is prevented because of natural disaster, civil disaster, or severe weather conditions. Subsection (b) (iv) provides the State Board the authority to permit schools to open on holidays because of closures related to severe weather conditions.

The conditions for granting a waiver of the 180-day school year requirement are specified in Code of Maryland Regulation (COMAR) 13A.02.01.04 and include the following:

1. The school system demonstrates they have made sufficient effort in providing instruction through calendar planning and modifications; and
2. Natural disasters, civil disasters, or severe weather conditions are sufficiently significant to warrant a waiver of days.

The conditions required for waiver applications are specified in COMAR 13A.02.01.04 (C) and includes the following:

1. The local school system developed a calendar which included days to be used to make-up days lost. Depending upon past experience, this number could range from 3 to 10 days; and
2. The local school system has modified its calendar by scheduling school on make-up days provided in the original calendar and by extending the school year 3 days beyond the previously scheduled closing date. In considering applications for waivers, the State Board of Education may waive the final day needed to complete the 180-day schedule if that day falls on a Monday.

EXECUTIVE SUMMARY:

Baltimore City Public Schools were closed on January 4, 5, 17, and March 2, 2018. The request submitted by Baltimore City Public Schools on March 14, 2018 asks for a one-day waiver of the 180-day instructional requirement. Baltimore City Public Schools’ makeup day recovery plan entails converting March 16, 2018 from a professional development day to a one-half student instruction day, opening schools on April 2, 2018, the Monday after Easter, and extending the last day of school to June 15, 2018. Baltimore City Public Schools assessed the feasibility of using either Monday, March 26, 2018, the first day of spring break or Memorial Day, Monday, May 28, 2018 as possible recovery make-up days. The school system indicated in the waiver request it was unlikely that adding either day would result in high enough levels of attendance amongst staff or students to allow for regular instruction. The low staff attendance would result in the need for large numbers of substitutes that would exceed availability and result in unstaffed buildings as well as an increase in substitute teacher costs across the district. After additional follow up with Baltimore City Public Schools, it was determined their contractual agreement with instructional staff specifies five (5) working days for spring break and explicitly guarantees Memorial Day as a holiday for central office, facilities, and other support staff, ruling out the possibility of student attendance on either March 26, 2018 or May 28, 2018.

ACTION:

It is requested that the Maryland State Board of Education approve the request to waive one-day of the 180-day instructional requirement for Baltimore City Public Schools for the 2017-2018 school year.

Karen B. Salmon, Ph.D,
State Superintendent of Schools
Maryland State Board of Education
200 West Baltimore Street
Baltimore, MD 21201

Dear Dr. Salmon:

On March 13, 2018, the Baltimore City Board of School Commissioners (“Board”) considered and approved a request for a one-day waiver of the 180-day instructional day requirement in accordance with Education Article §7-103, Annotated Code of Maryland. Pursuant with the Code of Maryland Regulations (“COMAR”) 13A.02.01.04, our Board approved an academic calendar for this school year with severe weather recovery days to include June 15th (the final day of school allowable under the Governor’s executive order), spring break days, and systemic professional development opportunities.

Baltimore City Public Schools (“City Schools”) has closed schools on four (4) occasions this school year due to severe weather—January 4th, 5th, 17th, and March 2nd. City Schools’ recovery plan currently comprises three (3) days, of which the first two (2) recovery days are June 15th and March 16th. April 2nd, the Monday after Easter, serves as the third recovery day, which was approved by the State Board on February 27, 2018 and constitutes a reduction of our planned spring break.

In addressing the fourth closure date, City Schools assessed the feasibility of available dates for recovery, Monday, March 26th, the first day of spring break, or Memorial Day, May 28th. City Schools is obligated to thoughtfully balance the benefit of recovered instructional time with the needs of our students, families, and staff by considering the impact of the following for any additional recovery days: probability of low attendance for both students and staff; the cost of substitute teachers; and the implications on families’ pre-planned travel as well as other activities.

It is unlikely adding either day would result in high enough levels of attendance amongst staff or students to allow for regular instruction. The low staff attendance would result in the need for large numbers of substitutes that would likely exceed availability and result in understaffed buildings as well as an increase in substitute teacher costs across the district.

Respectfully, we request a one-day waiver of the 180-day instructional day requirement in accordance with Education Article §7-103, Annotated Code of Maryland, given the above rationale.
Thank you for your consideration of this request. Enclosed you will find materials that provide additional information.

Sincerely,

Sonja Brookins Santelises, Ed.D.
Chief Executive Officer

SUMMARY REPORT
SCHOOL CALENDAR ADJUSTMENT

RECOMMENDATION
MARCH 13\textsuperscript{th}, 2018

1 BACKGROUND

City Schools has closed schools on four (4) occasions this school year due to severe weather—January 4\textsuperscript{th}, 5\textsuperscript{th}, 17\textsuperscript{th}, and March 2\textsuperscript{nd}. Recovery days must be identified to ensure compliance with the 180 instructional days required by law. The State will not consider a waiver to the 180-day requirement unless three (3) to ten (10) make-up days are identified and the district demonstrates sufficient effort has been made through calendar planning and modifications to meet the requirement. To date, the Board has approved an academic calendar with severe weather recovery days to include June 15\textsuperscript{th}, the final day of school allowable under the executive order, spring break days, and systemic professional development opportunities. The first two recovery days are June 15\textsuperscript{th} and March 16\textsuperscript{th}. On Tuesday, February 27, 2018, the State Board of Education approved the request to have April 2\textsuperscript{nd}, the Monday after Easter, serve as the third recovery day.

2 RECOMMENDATION/CONCLUSION

The Chief Executive Officer requests the Board of School Commissioners approval to seek a waiver to the 180-day requirement. This recommendation considers low attendance for both students and staff; the cost of substitute teachers; explicitly guaranteed holidays in collective bargaining agreements; and the implications on families’ pre-planned travel as well as other activities.

RE: Request for Waiver of Post-Labor Day Start for
The Chesapeake Public Charter School

Last year, the State Board approved the waiver application for the Chesapeake Public Charter School to open for pupil attendance prior to Labor Day for the 2017-2018 school year. We are again, applying for a waiver of the requirements in Executive Order 01.01.2016.13 for the 2018-2019 school year.

As per the Governor’s Executive Order, and as approved by the Board of Education of St. Mary’s County, the school system calendar for St. Mary’s County Public Schools (SMCPS) includes a start date of September 4, 2018, concluding on June 14, 2019. The process for developing our school year calendar for our 27 public schools (18 elementary, 4 middle, 3 high, and 2 centers) involved over 2,000 stakeholders through representative committees, online surveys, student town hall forums, and public hearings. The school system’s calendar was developed collaboratively with stakeholder groups and fully complies with the post-labor day start, and also includes a full winter break and spring break, as well as all other required holidays.

The Board of Education of St. Mary’s County reviewed both the school system calendar and the recommended calendar for the Chesapeake Public Charter School. Both calendars were presented publicly and a public hearing was held on January 31, 2018. Both calendars were approved by our Board of Education on February 14, 2018.

The Chesapeake Public Charter School’s governing board has developed a calendar that fully complies with the state statute, which “Requires students to be physically present on school premises for a period of time substantially similar to that which other public school students spend on school premises” (Education Article §9-102 (12)). The 11-month calendar is a hallmark of the CPCS consistent with its charter and its governing philosophy, which states:

The Chesapeake Public Charter School believes that... An 11-month school year and carefully structured school day maximize time periods of concentrated learning

St. Mary’s County Public School System does not discriminate on the basis of race, color, gender, age, national origin, marital status, sexual orientation, religion, or disability in matters affecting employment or providing access to programs.
This calendar has been consistently implemented for CPCS and is a substantially different schedule than the SMCPSS system as a whole. In the structure of the Charter School’s calendar, it includes 5 marking periods (quintets) that provide opportunities for a unique and differentiated program. Each quintet includes a break for concentrated learning and opportunities for application. This 11-month calendar is communicated to parents and students as one of the unique features of the charter school and is an essential understanding in the application process. The goals of the Charter School continue to be met, as achievement outpaces the district and state across multiple measures.

To remain consistent with the philosophy and goals of the charter school, we are seeking a waiver of the post-labor day start for the Charter School, in accordance with justification 3a:

3a. Compelling Justification: Adoption of an Innovative School Schedule.
Any waiver granted by the State Board of Education for an innovative school schedule shall only apply to those schools where the innovative school schedules are offered. Education Article §7.103.1 defines innovative school schedules to include, “....extended year, year-round schooling, or other school scheduling models that do not allow for prolonged lapses in instructional time....” Qualifying schools are those designated as low-performing, at-risk, or charter.

As a charter school, this unique schedule of an 11-month calendar with quintets is a critical element of its mission and goals. The schedule meets the requirements of 3a (above) in that innovative quintet marking period schedule provides breaks for optimal learning, however, these breaks are minimal, i.e., not prolonged, so as to allow for teacher feedback on narrative report cards and for student and family time for exploration, reflection, and application. Further, as delineated in the above justification, the waiver request is for the Charter School only. The school system as a whole is not seeking a waiver.

Thank you for your consideration of this request.

Overview:

Executive Order 01.01.2016.13 requires all kindergarten through grade 12 public schools in Maryland to be open for pupil attendance no earlier than the Tuesday immediately following the nationally observed Labor Day holiday. The school year for each public school in Maryland shall adjourn no later than June 15. Local boards of education retain the full responsibility for establishing annual academic calendars within the parameters of the Executive Order. The Executive Order does not apply to the operation of year-round schools. The entire Executive Order may be found on the following webpage: https://governor.maryland.gov/wp-content/uploads/2016/10/E0.01.01.2016.13.pdf

Waiver Applications:

Local boards of education may apply for waivers of the requirements set forth in the Executive Order. To be eligible for a waiver, the local board must demonstrate that it has met all requirements for at least one compelling justification and has conducted at least one public meeting at which the waiver application was considered and approved. Compelling justification includes:

1. The adoption of an innovative school schedule for low-performing, at-risk, or charter schools. Any waiver granted by the State Board of Education for an innovative school schedule shall only apply to those schools where innovative school schedules are offered.

2. The school system has closed ten days per year during any two of the last five years because of natural disasters, civil disasters, or severe weather conditions.

Dear Dr. Smith,

Chesapeake Public Charter School (CPCS) has successfully operated an innovative school schedule since its inception in 2007. CPCS would like to request a waiver to the post-Labor Day school start date parameter set forth by Executive Order 01.01.2016.13, in order to continue to provide this opportunity to our community.

Below is a summary of Chesapeake Public Charter School’s mission and vision as well as an excerpt of the innovative features of the Chesapeake Public Charter School in which the 11 month school calendar is articulated.

Vision
Our vision is a safe and joyful atmosphere which includes compassion and respect for others, and where students become critical thinkers, life-long learners, and global citizens.

Mission
Chesapeake Public Charter School will provide a rigorous, creative and diverse learning environment where everyone comes together to develop confident and self-motivated students.

The CPCS program offers:
- A small school setting
- A modified yearly calendar (11 month) with a unique daily structure
- A democratic governance structure built on teacher leadership and strong parent/community partnerships
- An integrated curriculum that motivates student acquisition of basic skills. The CPCS program focuses on investigating the ecology of the Chesapeake Bay region where we live, as well as world arts, cultures, and languages which are part of life in today's growing global community.
- Character/social skills development that fosters a strong work ethic and service to the larger community
- A diversity of ideas, backgrounds, and perspectives that will provide a valuable resource for learning and building a dynamic, reflective community

The draft calendar for the 2018-2019 school year is attached for review. We formally request that the St. Mary’s Board of Education consider this at the January meeting and vote to submit the waiver application, the draft 2018-2019 calendar and this summary letter to the Maryland State Board of Education thereafter. Thank you for your timely consideration of this request.

Sincerely,

Angela Funya

Philosophy and Goals

Philosophy

The Chesapeake Public Charter School believes that:
• Meaningful learning occurs naturally within a framework of a trustworthy community
• Small schools and class sizes encourage community and increase learning
• In a learner-centered, inquiry-based setting, children learn through hands-on experiences and social interaction, extending into the community
• Substantive, rigorous content motivates students to master literacy skills as they investigate engaging topics and communicate their discoveries
• An 11-month school year and carefully structured school day maximize time periods of concentrated learning
• An integrated, brain-based curriculum enables students to make relevant connections to everyday life and to become self-directed learners
• A character development program that teaches social skills and good judgment is important because we need to teach students not only knowledge, but how to use that knowledge well
• Through parent compacts and commitment to direct participation in the daily life of the school, as well as parent partnership in the development of their child’s personal education plan, the level of parent involvement vital to student success is assured
• Within a reflective learning community, teachers collaborate regularly to reflect on teaching and assessment and to make innovations and adjustments that serve students well-being and steady progress

A defining outcome of this educational philosophy is that students become life-long learners as well as citizens who contribute their unique talents to benefit the communities in which they live.

Goals

The primary goals of the Chesapeake Public Charter School are:
• To establish a diverse and reflective community of learners that includes children, parents, teachers, and community members
• To provide a choice of educational opportunities
• To promote the successful development of the whole child
• To use reflective practices to assess progress/growth in learning
• To keep the urge to learn alive in every child
