TO: Members of the State Board of Education

FROM: Karen B. Salmon, Ph.D.

DATE: December 4, 2018

SUBJECT: COMAR 13A.06.09 Maryland Early Literacy Initiative ADOPTION

PURPOSE:

The purpose of this action is to adopt COMAR 13A.06.09 Maryland Early Literacy Initiative.

REGULATION PROMULGATION PROCESS:

Under Maryland law, a state agency, such as the State Board, may propose a new regulation whenever the circumstances arise to do so. After the State Board votes to propose such a regulation, the proposed regulation is sent to the Administrative, Executive, and Legislative Review (AELR) Committee for a 15-day review period. If the AELR Committee does not hold up the proposed regulation for further review, it is published in the Maryland Register for a 30-day public comment period. At the end of the comment period, Maryland State Department of Education (MSDE) staff reviews and summarizes the public comments. Thereafter, MSDE staff will present a recommendation to the State Board of Education to either: (1) adopt the regulation in the form it was proposed; or (2) revise the regulation and adopt it as final because suggested revision is not a substantive change; or (3) revise the regulation and re-propose it because the suggested revision is a substantive change. At any time during this process, the AELR Committee may stop the promulgation process and hold a hearing. Thereafter, it may recommend to the Governor that the regulation not be adopted as a final regulation or the AELR Committee may release the regulation for final adoption.

BACKGROUND/HISTORICAL PERSPECTIVE:

House Bill 1415 Education – Commission on Innovation and Excellence in Education, approved by Governor Hogan on May 8, 2018, establishes, among other initiatives, the Maryland Early Literacy Initiative. This is a competitive grant program for up to 50 qualifying Title I schools to develop an evidence-based early literacy program in the school to work with participating students to meet literacy proficiency targets by the end of third grade or other literacy targets as determined by the Department. The MSDE is directed to administer the grant program. The Request for Applications for the Maryland Early Literacy Initiative was posted on the MSDE website in July 2018; fifteen local school systems representing 74 Title I schools submitted applications. Review of the applications is in process with grant awards projected for December 2018.
EXECUTIVE SUMMARY:

House Bill 1415 requires adoption of regulations for the Maryland Early Literacy Initiative. The State Board reviewed the proposed regulations and granted permission to publish at the July 24, 2018 State Board Meeting. The MSDE received no comments during the public comment period.
