SUBJECT: 2017-2018 Identification of “Comprehensive Needs” Schools for the Purpose of Awarding the Quality Teacher Stipends to Certain Teacher and Non-administrative School-Based Employees

PURPOSE:

The purpose of this item is to request approval of the identification of “comprehensive needs” schools for the 2017-2018 school year for the purpose of awarding the Quality Teacher Incentive Grant. Specifically, the Maryland State Department of Education (MSDE) is requesting approval to use Title I schools as identified for the 2017-2018 school year. (Attached)

BACKGROUND:

Education Article §6-306 currently provides for the distribution of stipends to all teachers and other non-administrative school-based employees who hold a certificate issued by the National Board for Professional Teaching Standards. The stipend award is differentiated by the type of school that employs the individual. Awardees working in “non-comprehensive needs” schools will receive \$1,000 and those employed in a “comprehensive needs” school will receive \$2,000.

For the 2017-2018 school year, there are 423 Title I schools; representing all 24 local school systems. The MSDE estimates¹ that 278 teachers and other non-administrative school-based employees are employed in Title 1 schools and therefore, eligible to receive the \$2,000 stipend.

A new list of lowest performing schools under the Every Student Succeeds Act (ESSA) will be identified during the 2018-2019 school year. Therefore, the MSDE is recommending that the 2017-2018 Title I Schools serve as the “comprehensive needs” schools for the purpose of this grant. It is important to note that the Budget Reconciliation and Financing Act of 2017 reduced the stipend amount from \$4,000 to \$2,000 for those individuals that hold National Board Certification and who are employed in a “comprehensive-needs” school for FY 18.

ACTION:

Request permission to identify 2017- 2018 Title I schools as “comprehensive-needs” schools for the purpose of awarding the Quality Teacher Incentive Grant.

¹ Rough estimate based on the information submitted by local school systems regarding the school placement of those individuals that held National Board Certification during the 2016-2017 school year. Furthermore, Maryland may experience an increase in the number of National Board certificated individuals due to changes in the National Board certification process.
