Adjustments when (BOOST & Non-BOOST \$) > Tuition			\$(390,243)
Total Scholarship Value			\$8,494,907

Notes:

Final adjusted award may vary as to not exceed the tuition after subtracting non-BOOST financial aid.

Per Senate Bill 360 and decisions of the BOOST Advisory Board, priority was given to renewal students and their siblings, students who previously attended public schools, and students who qualify for Free Meals (versus Reduced Meals). Students with the lowest incomes are served first.

High school students receive an additional \$3,000 award.

Students receiving Special Education services receive an additional award equal to the base award. The BOOST Advisory Board decided to award an additional \$250 award to Special Education students.

In an effort to spend-down remaining funds, a final batch of award offers was made on December 13, 2024. Due to school closures during the holiday season, there are still some students whose enrollment has not yet been confirmed by the school. The parents, however, have accepted the awards. Certain data points (confirmation of special education status, financial aid being offered to the family, etc.) are not available for these students.

* Applicants either formally declined the award, chose to stay enrolled in a non-participating school or are not currently enrolled in the selected BOOST participating school.

Per Senate Bill 360 and decisions of the BOOST Advisory Board, priority was given to renewal students, students who previously attended public schools, and students who qualify for Free Meals (versus Reduced Meals). Students with the lowest incomes are served first.

Renewal applicants who are still income eligible received an award based on their Free or Reduced Meal income status as determined in the 2024-2025 application. The Public or Private designation for Renewal applicants is kept the same as it was in the first year the student applied for the BOOST scholarship.

Total Award Amount includes adjustments for special education students, high school students, and reductions in cases where the BOOST aid plus non-BOOST aid exceeded tuition. Schools may not use BOOST funds as a substitute for other financial aid.
