Introduction

The following tables present characteristics of professional staff employed in Maryland public schools as of October 2003. The data were obtained from two sources: employment records provided to the Division of Planning, Results, and Information Management from local education agencies in Maryland (October 2003) and teacher certification records maintained by the Division of Certification and Accreditation (May 2004). Professional staff include: principals and assistant principals, teachers, librarians, guidance counselors, and psychologists who are employed on a regular contract. Substitutes and hourly employees are excluded. This report does not include staff holding a Professional Eligibility Certificate.

Tables 1 and 2 present the number and percent of staff by type of degree held. Table 3 presents the number and percent of staff by total years of experience. Tables 4 and 5 present the number of staff by type of certification currently held.
