Document Information

All educator preparation programs listed in this directory meet the statutory and regulatory requirements necessary for Program Approval in Maryland and lead to State educator licensure. Information on policies and procedures concerning Traditional Preparation, can be found on the MSDE Website, Division of Educator Effectiveness, [Teacher Preparation and Program Approval](#).

Md. Code, Education, §11–208 gives EPPs in Maryland two distinct approval pathways to operate in the State: 1) State approval, or 2) national accreditation. Presently MSDE and the Maryland Higher Education Commission jointly recognizes two national accreditors that focus on EPP accreditation: the Association for the Advancing Quality in Educator Preparation (AAQEP) and the Council for the Accreditation of Educator Preparation (CAEP). EPPs currently holding an accredited status will be noted as such in their directory listing.

For information on Maryland Educator Preparation Providers: Traditional Preparation, contact the Maryland State Department of Education (MSDE), Division of Educator Effectiveness, Program Approval and Assessment Branch at pamela.darien@maryland.gov. For information about a specific program, or to seek guidance on entering a program, contact the local program individual(s) listed in this directory or on the [Teach Maryland website](#).
