Introduction

Purpose and Background
Purpose

The intent of this technical assistance session is to:

- Explain the changes to Education Article §7-1101 et seq. as a result of House Bill (HB) 1255
- Describe the process developed by Maryland State Department of Education (MSDE), in consultation with the Restraint and Seclusion Focus Group, that operationalizes the law
- Review the documents developed by MSDE, in consultation with the Restraint and Seclusion Focus Group, to support implementation of the law
Restraint and Seclusion

On December 30, 2021, Mr. Mohammed Choudhury, State Superintendent of Schools issued a press release in response to the illegal and discriminatory use of restraint and seclusion.

The Superintendent made it clear that the illegal and inappropriate use of restraint and seclusion in any school is unacceptable.

Subsequently, during the 2022 legislative session, the Maryland General Assembly passed HB 1255 Physical Restraint and Seclusion – Limitations, Reporting, and Training which amended and expanded the law governing restraint and seclusion.

On July 1, 2022, Md. Code, Education § 7-1101 et seq. was amended to reflect the changes recommended in HB 1255.
In general, the Md. Code, Education § 7-1101 et seq. (HB 1255):
1. Bans the use of seclusion in Local Education Agencies (LEAs) and Public Agencies (PA);
2. Places strict requirements around the use of seclusion in nonpublic special education schools;
3. Requires each school to notify the LEA and MSDE within four business days when a student is restrained and/or secluded 10 or more times in a given school year (PAs only must notify MSDE);
4. Requires the LEA to assess and provide behavioral intervention recommendations to the public or nonpublic school upon notification (MSDE will provide recommendations to PAs);
5. Requires the LEA/PA/nonpublic school to develop a corrective action plan if a system reports 10 or more incidents for one student or if the LEA/PA/nonpublic school fails to comply with the requirements of the law; and
6. Strengthens the collection of restraint and seclusion data tracking and reporting.
Physical Restraint and Seclusion – Limitations, Reporting, and Training

The changes to Md. Code, Education § 7-1101 et seq. went into effect on July 1, 2022.

All LEAs, PAs, and non-public schools were required to implement the statutory requirements of the law related to the use of restraint and/or seclusion effective July 1, 2022.

Use of all restraint and seclusion forms described in this presentation will be required effective July 1, 2023, by all LEAs, PAs, and nonpublic special education schools.
MSDE Intra-Departmental Workgroup

Superintendent Choudhury formed an intra-department workgroup to address the implementation of Md. Code, Education § 7-1101 et seq. (HB 1255).

This workgroup included representation from:

- Division of Assessment, Accountability, and Performance Reporting
- Division of Early Intervention and Special Education Services
- Division of Educator Certification and Program Approval
- Division of Student Support, Academic Enrichment, and Educational Policy
- Office of the Attorney General
MSDE Stakeholder Focus Group

Superintendent Choudhury also formed a stakeholder focus group to review, discuss, and recommend revisions and additions to the regulations and MSDE policies, practices, and procedures to support the implementation of Md. Code, Education § 7-1101 et seq. (HB 1255).

The focus group has held four meetings since October 2022 and continues to meet.

The focus group includes representation from:

- Local Directors of Student Services
- Local Directors of Special Education
- Directors of Non-Public Special Education Schools
- Educational Advocacy Organizations
- Parents
- Higher Education Institutions
- Office of the Attorney General
- MSDE
A requirement of the Md. Code, Education § 7-1101 et seq. (HB 1255) is that MSDE develop regulations that address the requirements in the statute.

Draft regulations will be presented to the State Board at the March 28, 2023, State Board meeting.

Defining Restraint and Seclusion
Restraint

A personal restriction that immobilizes a student or reduces the ability of a student to move their torso, arms, legs, or head freely that occurs during school hours.

Restraint is NOT

• Briefly holding a student to calm or comfort the student;

• Holding a student’s hand or arm to escort the student safely from one area to another;

• Moving a disruptive student who is unwilling to leave the area if other methods such as counseling have been unsuccessful; or

• Breaking up a fight in the school building or on school grounds.
Use of Restraint

Neither a public agency nor a nonpublic school may use physical restraint on a student as a behavioral health intervention unless:

(1) physical restraint is necessary to protect the student or another individual from imminent serious physical harm; and
(2) other less intrusive, nonphysical interventions have failed or been demonstrated to be inappropriate.
Seclusion* is NOT

A behavior intervention plan of separating a student by placing the student:

- into a nonlocked room from which the student is allowed to leave; or
- within a separate location in a classroom from which the student is not physically prevented from leaving.

*Seclusion is only allowed in nonpublic special education schools

MD Code, Education, § 7-1101(f)
Definitions of Restraint and Seclusion

Use of Seclusion

A nonpublic school may not use seclusion as a behavioral health intervention for a student unless:

(i) Seclusion is necessary to protect the student or another individual from imminent serious physical harm;

(ii) Other, less intrusive interventions have failed or been demonstrated to be inappropriate for the student;

(iii) A health care practitioner is on site and is directly observing the student during the seclusion;

(iv) The health care practitioner concludes that seclusion is not contraindicated for the physical, psychological, or psychosocial health of the student

Additional requirements related to student safety, seclusion space, and students with disabilities can be found in MD Code, Education, § 7-1102(d) and further explained in the Implementation Guide.
Restraint and Seclusion Process Guide

Understanding the notification and documentation process for single incident, excessive use, and corrective action
Stages of the Restraint and/or Seclusion* Process

MSDE developed the *Restraint and Seclusion: Process Guide* to provide timelines, forms, and other information to support LEAs, PAs, and non-public special education schools in fulfilling the requirements of Education Article § 7-1101 et seq. (HB 1255).

The three stages outlined in the *Restraint and Seclusion: Process Guide* are:

1. Restraint or Seclusion Single Incident
2. Excessive Use (10 Incidents) of Restraint and/or Seclusion
   - Part One: Notification of 10 Incidents of Restraint and/or Seclusion
   - Part Two: Student and School Level Review with Recommendations
3. Corrective Action

Utilization of these forms will be required effective July 1, 2023.
Restraint or Seclusion* Single Incident Report

Each incident of restraint shall be documented on the MSDE Restraint or Seclusion* Single Incident form and maintained in the student’s record.
