Maryland Title I Schools – LEA by School.....	7

Introduction

The Maryland State Department of Education (MSDE) annually publishes the list of Title I, Part A schools. This information is used by various entities in their decision-making processes. The Title I, Part A school list is based on the annual Title I, Part A approved grant application for each Local Education Agency (LEA).

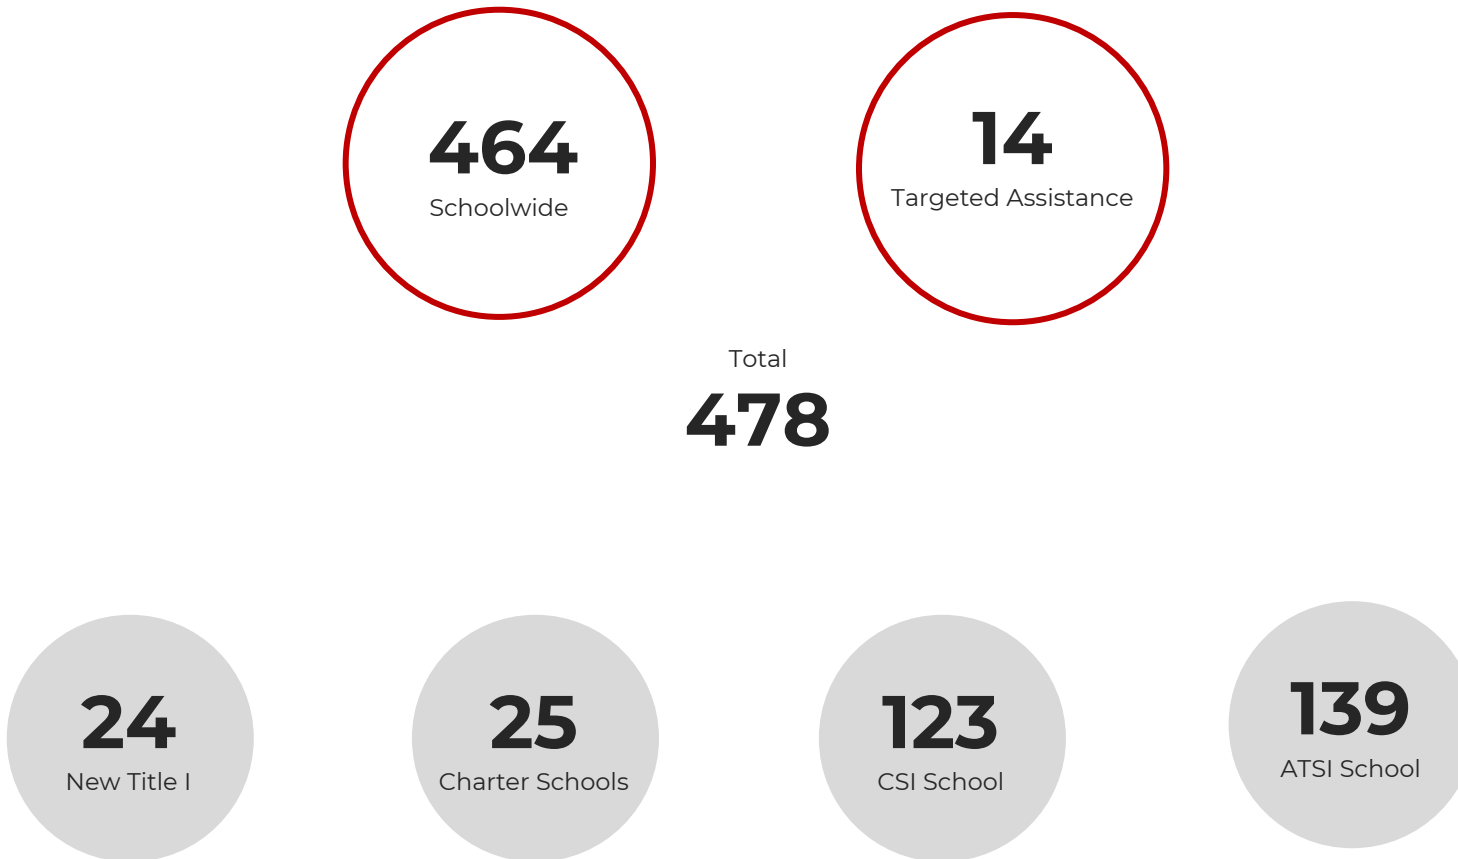

The purpose of this title is to provide all children significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps. Title I, Part A (Title I) of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act (ESEA) provides financial assistance to LEAs and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging academic standards.

The following reflect the definitions for the school types listed in the publication:

School Type	Definition
Schoolwide Program (SW)	A Title I, Part A schoolwide program is a comprehensive reform strategy designed to upgrade the entire educational program in a Title I school in order to improve the achievement of the lowest achieving students. (ESEA section 1114(a)(1)). Under the ESEA, a school may operate a schoolwide program if it meets any of the following conditions: A Title I, Part A school with 40% or more of its students living in poverty, regardless of the grades it serves. A Title I, Part A school that receives a waiver from a State Education Agency (SEA) to operate a schoolwide program without meeting the 40% poverty threshold.
Targeted Assistance Program (TAS)	A Targeted Assistance School Program provides materials and services using Title I, Part A funds: to a select group of students-those failing, or most at risk of failing, to meet state standards. Resources and strategies are targeted to eligible participating students. Eligible children are identified by the school as failing; or most at risk of failing, to meet academic standards on the basis of multiple educationally related objective criteria established by the LEA and supplemented by the school, except that children from preschool through grade 2 shall be selected solely on the basis of criteria, including objective criteria established by the LEA and supplemented by the school (ESEA section 1115(b)).
New	A school that is a new Title I, Part A school during this school year
Charter School	Charter schools are public schools. They operate under the assumption that innovation and flexibility in curriculum, educational philosophy, budgeting, and governance can lead to improvements in student performance, while increasing educational options for public school students. In exchange for this flexibility, MSDE and LEAs expect charter schools to contribute to the education community by meeting or exceeding state and local academic achievement standards; creating and maintaining healthy learning environments for students and staff; maintaining fidelity to charter school's approved mission and goals, as well as all local, State, and federal laws and regulations governing all public schools, unless waived.

School Type	Definition
Comprehensive Support and Improvement School (CSI)	<p>There are four ways to be identified as a CSI School:</p> <p>Lowest Performing: A Title I, Part A school meets the criteria when the Total Points Earned Percent is lower than the bottom 5% of all Title I schools.</p> <p>Low Graduation Rate: A high school meets the criteria when 1/3 or more of their students do not graduate within 4 years.</p> <p>Not Exiting: A CSI Lowest Performing Title I school, or a CSI Low Graduation Rate school identified in SY 2018-2019 that did not exit in SY 2022-2023.</p> <p>Low Performing Student Group: A Title I school that was identified as an Additional Targeted Support and Improvement (ATSI) school in SY 2018-2019 that did not exit in SY 2022-2023. This is a new designation.</p>
Additional Targeted Support and Improvement School (ATSI)	A school becomes an ATSI school when at least one student group performs as low as the lowest performing 5% of Title I schools.
