SUBJECT: State Board Budget Review – Public Session

Purpose

The purpose of this document is to review major budget realignment information for the reporting month of July 2024. There are no budget alignment requests to be approved by the State Board for this time period. However, there is one item to present for information purposes.

Background/Historical Perspective

As a part of the monthly consent calendar, the State Board reviews and authorizes budget adjustments affecting a fiscal year's appropriation. Some adjustments require State Board action; others are reflected for information purposes only.

Budget Amendments (State Board Action Items)

Budget Amendments are required whenever an increase is requested for the current budget appropriation at the budgetary program and appropriated fund level (i.e., General, Special, Federal or Reimbursable Funds). The following are types of adjustments that require State Board approval:

- Reconciling appropriations to grant awards received – Special Fund and Federal Fund appropriation amounts are based upon estimated receipts. When the fiscal year begins and the actual grant or a more accurate estimated amount is higher than the current appropriation, an adjustment is made to reflect the full amount.
- Carryover from prior fiscal year – Federal Fund carryovers result from the federal fiscal year overlap of three months as compared to the State fiscal year and from the Tydings Amendment, which allows some federal grants to be drawn down for an additional 12 months. These adjustments are required to make maximum use of the grants.
- Transfers between budgetary programs – The allocation of funds between budgetary units and programs are based upon estimates made when the budget is prepared. During the fiscal year it may become necessary to adjust these allocations.
- Reconciling to the approved Indirect Cost rates – On occasion, actual indirect cost recoveries may be materially different from the rates used in preparation of the budget. In those cases, it may be necessary to reallocate the assessment against non-State funds.
- Reorganizations – Organizational changes that cross budgetary programs are reflected by a budget amendment.

Other Budget Adjustments (State Board Information Items)

The following types of adjustments are shown for information purposes only:

- Recognition and Subsequent Release of Withheld Allotments – Withheld Allotments are funds appropriated in an agency’s budget that have been held back pending the resolution of one or more contingencies identified in the annual Budget Bill. The funds are not made available to the agency until the identified conditions have been met.
- Deficiency Appropriations – Once Deficiency Requests are approved by the General Assembly as part of the Budget Bill, the approval is shown for information purposes.
- Reconciling to grant awards received (Decreases) – This is the opposite of the adjustment type described above under Budget Amendments. These are decreases to the appropriation level in the agency budget to recognize lower-than-budgeted federal grant awards or Special Fund revenue attainment.

The budget document has several sections:

- The cover memo, which indicates whether there are items requiring approval or information items.
- The Synopsis of Current Pending Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board approval. These items are identified as numbers (i.e., Item 1, Item 2, etc.).
- The Synopsis of Information Items (if any) – On an item-by-item basis this explains and justifies any items presented for State Board information. These items are identified as letters (i.e., Item A, Item B, etc.).
- Budget Adjustment Detail – This schedule presents information regarding the overall budget status and the effects of the adjustments being presented in the current month. The schedule presents the budget by Budgetary Unit (i.e., Headquarters, Aid to Education, Funding for Educational Organizations, the Maryland Longitudinal Data System Center, Maryland Center for School Safety, and the Office of the Inspector General of Education), by budgetary program and by appropriated fund type. The columns reflect the following information:
 - The first column reflects the program and fund titles.
 - The second column, “Original Appropriation,” reflects the original appropriation level for the fiscal year.
 - The next two columns, “Approved Adjustments,” reflect adjustments that have already been made to the budget. The “DBM” column reflects adjustments made to the official appropriation level. The “MSDE” column includes those adjustments as well as decreases made internally that would not be reflected in the official appropriation.
 - The two columns entitled “Approved Appropriation” reflect the sum of the original appropriation and the approved adjustments for MSDE and DBM, respectively.
 - The next two columns reflect pending budget amendments:
 - “Prior” shows pending amendments that have been before the State Board in an earlier month but have not yet been approved; and
 - “Current” shows the items being presented to the State Board for the review/approval period.

- The final column shows the Information Item adjustments. No action is required for these adjustments, which are provided only for information purposes.

Action

No action is required at this time. There are no budget alignment requests to be approved by the State Board for this time period. The following pages are included for information on the current budget status.

Synopsis of Current Pending Items for the Reporting Month of July 2024

- There are no adjustments requiring the board's approval at this time.

Synopsis of Information Items for the Reporting Month of July 2024

- Item A: In July, the Board of Public Works made statewide budget reductions as part of the Governor's budget balancing plan and prioritization of funding for Medicaid and the Child Care Scholarship program. The Department's Division of Rehabilitation Services (DORS) Headquarters budget's general fund appropriation was reduced by \$350,000 because of this action. This reduction equals half of the amount provided to DORS in the FY 2025 budget during the legislative session to meet the State match and maintenance of effort requirements for federal funding.
